Dear Port Valued Customer,

I would like to take this opportunity to thank you for your understanding and patience regarding the upcoming 2006-2007 oil price program. I am sure you are aware of the record- setting prices for oil and the extreme volatility of the markets. Because of this volatility, the future price of oil has remained extremely high. Oil prices recently reached historic levels of \$75.50 per barrel. Last year's fixed price program was a great savings for our customers as retail oil prices rose to \$2.81 at their peak in September 2005. I cannot tell what this year will bring but for those customers who desire the security of knowing their fuel costs, we have established the following program.

Any outstanding account balances must be paid in full. Our pre-paid plan is open to automatic delivery customers ONLY. Please print & send back "Automatic Delivery Contract" with this document.

Please fill out and return

This is a **fixed price plan**. You will pay a fixed price for the year regardless of whether the price of oil goes up or down. **Please call office for fixed pricing.**

This program MUST be prepaid for the season If you have any questions, please do not hesitate to call our office.

Please fill out and mail or fax back your payment information promptly.

Thank you,

James O'Rourke

Operations Manager

_____gallons @ \$_____ per gallon = \$_____ amount due.
